## WEST COAST SWING JACK & JILL DIVISIONS.

We are offering nine WCS divisions. There is no limit on the total number of entries in each division. We use the [World Swing Dance Council Points Registry](#) (WSDC) to determine eligibility for each WCS division. Please see WSDC rules for eligibility. **Must be 18 years of age to compete (or signed waiver by parent or guardian).**

Our Jack & Jill competitions are designed to highlight skills in spontaneous swing dancing and the ability to dance well with a variety of partners. A bit of "luck of the draw" comes into play as well. Competitors enter as individuals, are randomly assigned partners, and dance to music selected in advance by our Competition DJ.

At least 90% recognizable swing patterns are required. If there is a preliminary, contestants will dance in groups with several different partners; judged individually in the preliminaries and as a couple in the finals.

Per WSDC rules can compete in (1) WSDC skill level Jack and Jill in primary role, (1) in secondary role as well as (1) age division.

## **Judging Criteria**

**All divisions will be judged using Relative Placement .**

### ***Definitions***

- TIMING** - Swing is danced beginning on the downbeat. Timing extends to much finer distinctions than a single beat. It includes fractionally ahead or behind the beat, as well as matching the syncopated "swing" of the music.
- TEAMWORK** - Swing is a connected, partner dance. The demonstration of this connection and the appearance of lead/follow or action/reaction between the partners is an expected part of any competition. One partner

ignoring or out-dancing the other, or jeopardizing the safety of the other (or other Competitors), indicates poor teamwork.

- C. **TECHNIQUE** - How well the Competitors execute the movements comprising their dance constitutes technique. This includes control of balance and weight, foot placement, bodylines, and spins.
- D. **CHOREOGRAPHY** - The selection and order of movements and transitions executed during a dance comprises choreography. Good choreography demonstrates an intimate connection with the music and its phrasing, as well as variety and contrast.
- E. **PRESENTATION** - To create an atmosphere of excitement by inviting and generating interest in a performance is the desired effect of good presentation. While providing a good show is one aspect of presentation, a good show is not a substitute for good dancing.

### ***Definitions Continued***

#### **Aerial.**

An aerial is a move in which one dancer is lifted with the assistance of his/her partner and the head and torso is in a position higher than the waist of the supporting partner. **Aerials are prohibited in all competitions except Showcase.**

#### **Lift.**

A lift is any intentional maneuver lasting longer than a full beat of music where the feet of one dancer are clearly off the floor and the partner supports the weight. This definition shall not include any of the following common syncopations or patterns: "flea hops"; "bunny hops"; "heel clicks"; "Flying Lindy" (and its obvious adaptations to other swing styles); "jumps" by competitors over the leg of the partners and leveraged slides. **Lifts are prohibited in all competitions with exceptions in the Champions Divisions.**

#### **Submitting a petition to change divisions**

In competitions with more than one division, it is our goal to encourage you to compete with your peers in the correct division. If you are unclear about which division is right for you, check with our Competition Coordinator, Chief Judge, or Contestant Representative before you register.

If you feel uncomfortable competing in the division for which you qualify, you may submit a petition to compete in a different division. Write a brief explanation of the reason(s) for your request on the back of the entry form and submit it with your entry fee before the contest registration deadline.

Our Competition Coordinator (or another competition official designated by our Competition Coordinator) will review your petition (in consultation with the Chief Judge) and approve or deny your request. Our Competition Coordinator will notify you as soon as possible (no later than the contestant meeting) of the decision. You should attend the contestant meeting and be prepared to compete in the original division if your petition is denied.

#### **Our verification of your eligibility**

We will verify that you are eligible for the competitions you enter by checking the [WSDC Points Registry](#) (and other sources of information, if applicable). In some cases (for example, if you submit a petition or do not have the required WSDC points), we may reassign you to a different division.

If you have concerns that other contestants are entered in an incorrect division or are ineligible, please inform our Competition Coordinator, Chief Judge, or Contestant Representative privately, as soon as possible. We will investigate and take appropriate action, if necessary.

If we determine before or during a competition that you have registered for the wrong division or are not eligible, we will reassign you to the correct division (if possible) or allow you to withdraw. If we discover your error after the finals, we will drop you out of awards. If we made the error and assigned you incorrectly, no penalty will be applied.

### **Contestant Meetings/Contests**

All contestant meetings are optional. **You are responsible for checking off your name on the posted rosters per division to confirm you are correctly registered.** You are responsible for knowing all rules for the divisions you dance in. All rules will be clarified at the contestants meetings if there is any ambiguity or questions. All Petitions will be communicated AT the contestants meetings. No petitions will be accepted after the contestant meetings. Rosters will be posted and divisions will run based on those rosters.
